

# D. Barlow Clark-Schoeb

Operations, Design & Prototyping

San Francisco Bay Area, CA (Summer 2026) · Connecticut · (908) 666-2847 · dbarlow2004@gmail.com

---

## • Summer 2026

### **Operations, Design & Prototyping Associate**

ENDIATX — Hayward, CA

- Led a full office and warehouse transformation — from cross-departmental workflow interviews through final construction — converting the space into a professional, investor-ready environment.
- Built a conference room from an unused space end-to-end: framing, insulation, drywall, painting, and finish carpentry.
- Reorganized warehouse inventory and storage, retired obsolete equipment, and managed furniture/equipment procurement and vendor coordination.
- Designed and fabricated company signage and office infrastructure using AutoCAD, laser cutting, and 3D printing alongside the engineering team.
- Designed an anatomical stomach model in SolidWorks and 3D printed iterative prototypes to support medical device testing.
- Researched silicone materials and manufacturing methods, designed molds, and fabricated silicone stomach prototypes through multiple rounds of engineering collaboration.
- Served as project manager for a company-critical FDA 510(k) submission, coordinating cross-functional teams and tracking milestones to keep the regulatory timeline on schedule.
- Organized submission documentation and proactively surfaced and resolved blockers across engineering, regulatory, and operations.

## • Spring 2026

### **Environmental Reporting Intern**

The Active Voice — Connecticut

- Researched and reported on sustainability, climate policy, and environmental issues for publication.
- Drafted legislative testimony materials and sustainability-focused communications.
- Partnered with leadership on environmental storytelling and public engagement initiatives.

## • Winter 2024 – 2026

### **Social Media & Operations Assistant**

Babka Bailout — New York, NY

- Produced social media content, including TikTok and promotional campaigns, to drive brand engagement.
- Managed packaging, customer engagement, and day-to-day operational logistics at Bryant Park Holiday Market.
- Drove brand growth through visual storytelling and hands-on customer experience.

## EDUCATION

### **B.A. Environmental Studies | B.A. Spanish**

University of Connecticut — Storrs, CT

Expected May 2026

*Athletic Director's Honor Roll · Former NCAA Division I Athlete, Women's Lacrosse*

### **Design Discovery Program (Virtual + In-Person)**

Harvard University Graduate School of Design

Summer 2025

### **Study Abroad — Spanish Conversation & Writing, Spanish History, Language Studies**

University of Salamanca

Summer 2024

SKILLS

Technical

- SolidWorks
- AutoCAD
- Rhino
- Laser Cutting
- 3D Printing
- Rapid Prototyping
- Silicone Mold Fabrication

Project Management

- Cross-Functional Coordination
- Project Scheduling
- Operations Management
- Vendor Coordination
- Workflow Optimization
- Procurement

Design

- Spatial Planning
- Workplace Design
- Furniture Sourcing
- Adaptive Reuse

Fabrication & Construction

- Framing
- Drywall Installation
- Painting & Finishing

Software

- Adobe Illustrator
- Adobe Photoshop
- Microsoft Office
- Google Workspace
- Canva

Languages

- Spanish (Fluent)
- ASL (Intermediate)
- French (Beginner)

Certifications

- LEED Green Associate — In Progress

BEYOND THE CLASSROOM

Leadership & Activities

- Community Service Board, President · Leadership Committee · Social Issues Board**  
UConn Women's Lacrosse
  - Community Service Board, President — led team-wide service initiatives and coordinated equipment donation programs.
  - Leadership Committee — partnered with team leaders to build culture and accountability systems.
  - Social Issues Board — organized discussions and awareness events addressing social challenges.
